

# Safe Haven In A Storm Of Trauma

## THE ULTIMATE PEDS ICU TRANSPORT

**L**ife Line Provides you a safe haven by: **Engineering for safety & convenience**

- Using double aluminum interlocking floors
- Labyrinth style exterior doors.
- Providing you a quiet comfortable ride allowing you to hear B/P and Lung sounds

Bright colorful custom designed interiors provide that extra level of comfort. Equipment placement helps you stay seated while the friendly colorful interior helps your patient relax.

# The Highliner Cutaway Series From Life Line

**A BODY WITH THE PAYLOAD OF  
A MEDIUM DUTY TYPE I**

- Available In A 172" Body With 72" Of Headroom.

- This Unit Has 20 Standard Interior Cabinets And 6 Standard Exterior Cabinets.

- Like the entire LIFE-LINE Series the Highliner is custom built with the highest quality of Materials and Workmanship.

- Interiors and exteriors can be customized to meet all your standard or special EMS needs.

- 3" thick Labyrinth style Compartment & Patient Doors provide vault like strength and an air tight seal.

- One new exterior compartment feature available on all LIFE-LINE Emergency Vehicles is the door mounted backboard storage. This option allows the EMS provider full access to all backboards and makes them easier to store.
